What is EBSCOhost®

EBSCOhost is a powerful online reference system accessible via the Internet or direct connection. It offers a variety of proprietary full text databases and popular databases from leading information providers. The comprehensive databases range from general reference collections to specially-designed, subject-specific databases for public, academic, school, medical, corporate, and government libraries.

System Requirements

In order to effectively use all EBSCOhost features, the minimum browser requirements are Internet Explorer 6.0, Firefox 2.0, and Safari 2.0 (for Macintosh). You must also have Adobe® Reader® installed to view the PDF Full Text files. If you are using Visual Search, you must also install Adobe® Flash Player 8.0 or higher.

Inside this User Guide

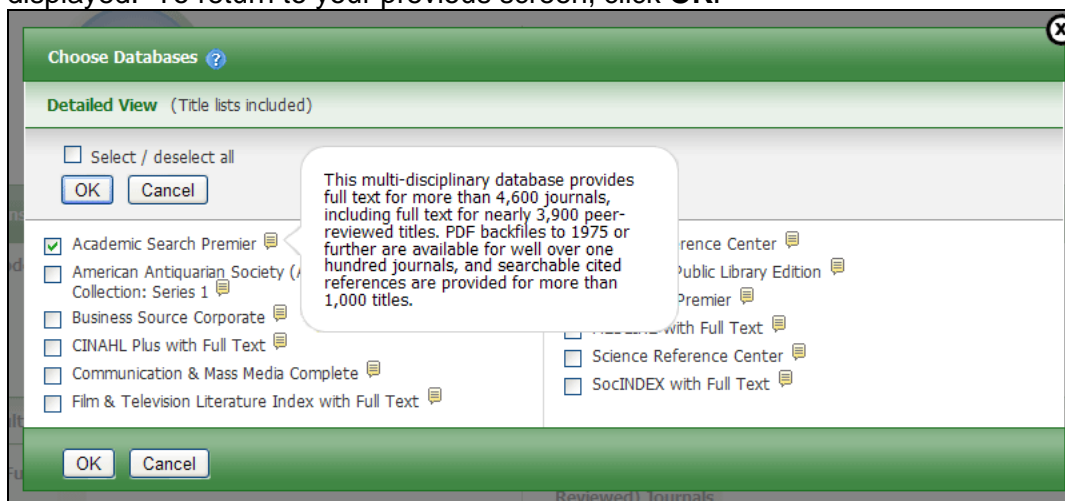

This guide is designed to cover the basics of searching and finding results. Additional user guides cover topics such as browsing, searches and alerts, and printing, e-mailing and saving. All user guides can be downloaded from the EBSCO Support Site: support.ebsco.com.

Learning More about a Database

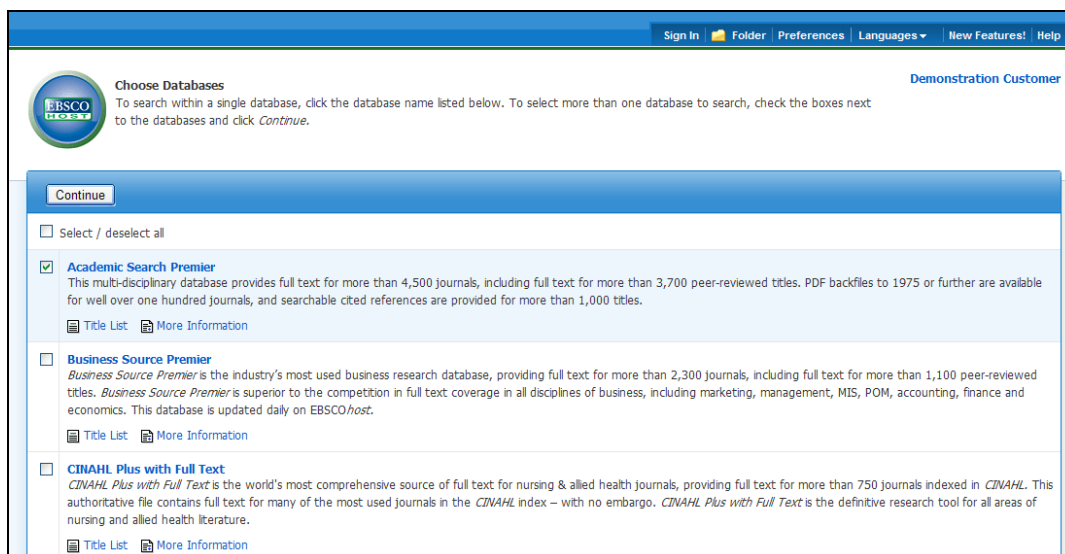

There are two versions of the Choose Database Screen—brief and detailed. The brief version of the Choose Database Screen is available from any search or browse screen, result list, or citation details.

To learn more about a database:

1. Click the **Choose Databases** link.
2. Place your mouse over the Preview  icon. A brief description of the database is displayed. To return to your previous screen, click **OK**.

3. To view descriptions of *all* the databases available to you, click the **Detailed View** link. The Choose Databases Screen displays.

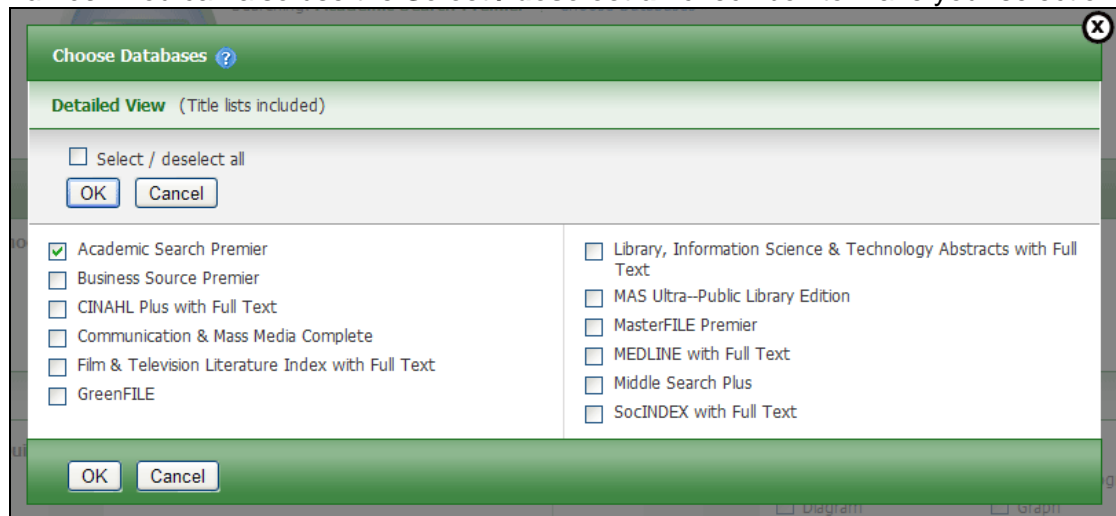

Choosing Databases to Search

EBSCOhost offers the ability to select the databases you want to search by *database name* or by *subject area*. Your library administrator decides how databases will be selected.

Selecting Databases by Database Name

To select a database:

1. Click the **Choose Databases** link. Select the database name, e.g., *Academic Search Complete*, *MasterFILE Premier*, etc. from the list of databases.
2. To search more than one database, mark the check boxes to the left of the *database names*. You can also use the **Select / deselect all** check box to make your selections.

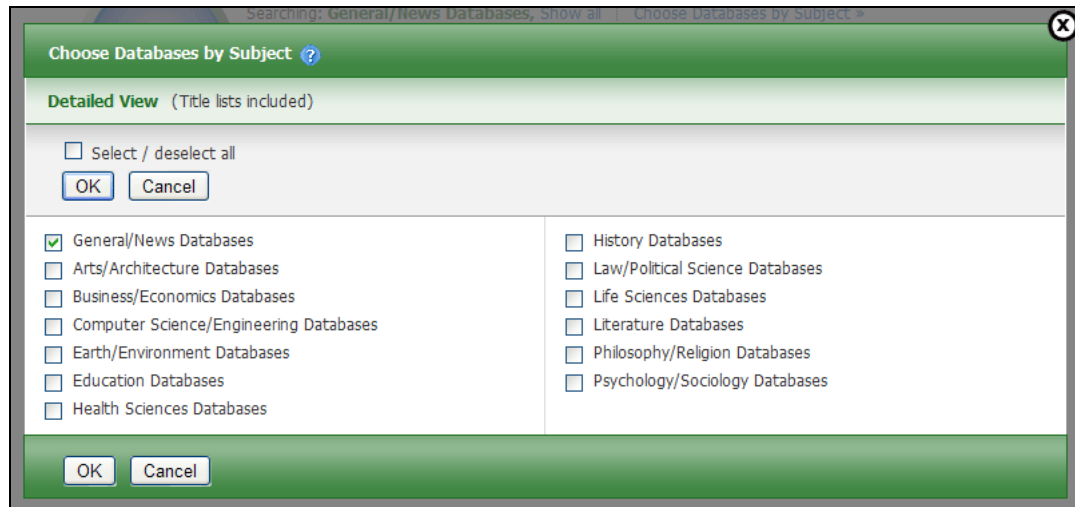

3. To save your selections, click **OK**; or click **Cancel** to discard your changes.

Selecting Databases by Subject Area

If your library groups your databases by subject area, the two most recently selected database groups are listed above the **Find** field. If additional groups are available, click the hyperlinked ellipsis (...) to view them.

To select databases by subject area:

1. Click the **Choose Databases** link. Select the subject area, e.g., *Communications/Media Databases*, *General/News Databases*, etc.
2. To search more than one subject area, mark the check boxes to the left of the subject areas. (You can also use the **Select / deselect all** check box to make your selections.)

3. To save your selections, click **OK**; or click **Cancel** to discard your changes.

Multilingual Options

Changing the Language of the Interface

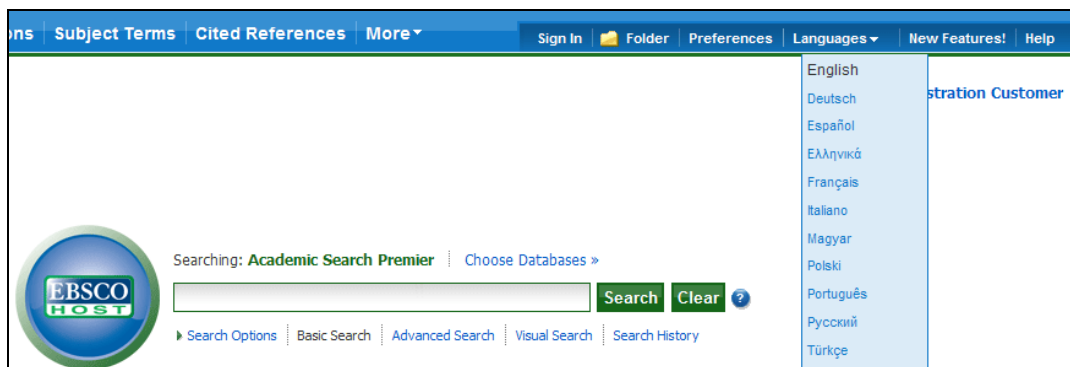

If enabled by the library administrator, you can change the interface text of EBSCOhost from English to:

- Arabic
- Bahasa Indonesian
- Brazilian Portuguese
- Croatian
- Czech
- Dutch
- French
- German
- Greek
- Hebrew
- Hungarian
- Italian
- Japanese
- Korean
- Polish
- Romanian
- Russian
- Simplified Chinese
- Slovenian
- Spanish
- Thai
- Traditional Chinese
- Turkish

The language selection feature is located on top toolbar and the Preferences Screen in EBSCOhost.

To change the language of the interface:

1. Hover your pointer over **Language** on the top toolbar on the interface. The drop-down menu of available languages appears.

2. Select by clicking on the desired language in the list. The interface is refreshed and translated into the selected language.

You can set your default language to any of the languages listed above, and the next time you sign in to My EBSCOhost, the screens will display in your selected language.

To set a default language preference:

1. Sign in to My EBSCOhost.
2. From your search screen or Result List, click the **Preferences** link that appears below the **Find** field.
3. In the General Settings area, select your language from the drop-down list
4. Click **Save**.

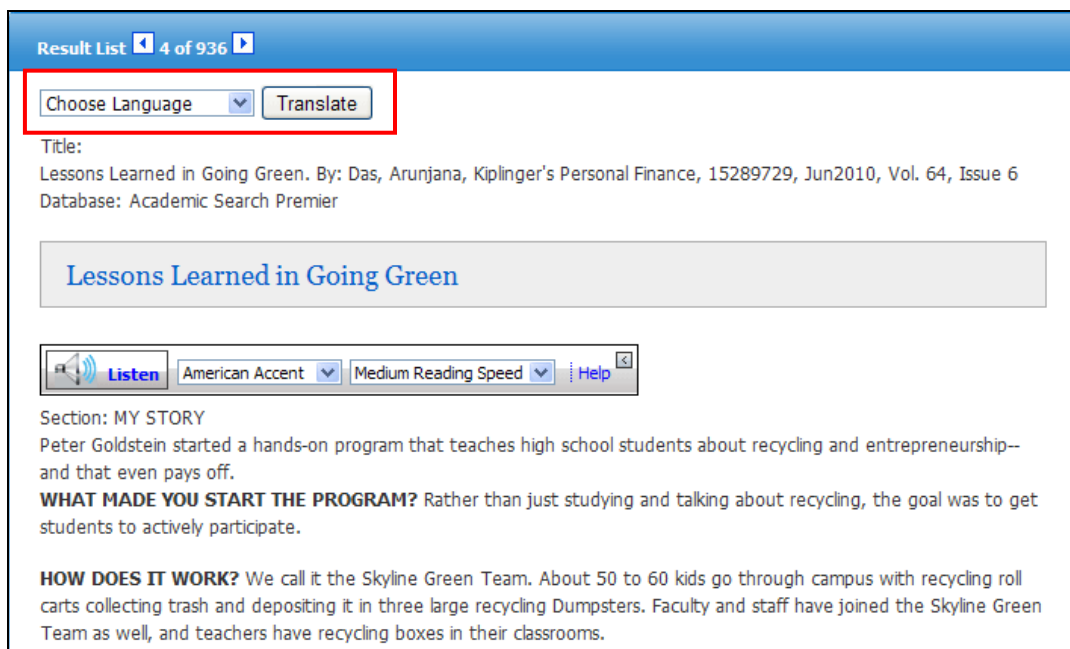

Translating an Article

EBSCOhost screens are presented in English, by default. If provided by your library administrator, you may be able to translate a full text article from English into the following languages:

- Arabic
- Bulgarian
- Simplified Chinese
- Traditional Chinese
- Czech
- Danish
- Dutch
- French
- German
- Greek
- Hausa
- Hebrew
- Hindi
- Hungarian
- Indonesian
- Italian
- Japanese
- Korean
- Norwegian
- Persian
- Polish
- Portuguese
- Pashto
- Romanian
- Russian
- Spanish
- Serbian
- Swedish
- Thai
- Urdu

To translate the full text of an article:

1. From the article detail, select a language from the **Choose Language** drop-down list.
2. Click **Translate**. The full text of the article is presented in the language you selected.

The screenshot shows the EBSCOhost interface for an article. At the top, it says "Result List 4 of 936". Below this, there is a "Choose Language" dropdown menu and a "Translate" button, both highlighted with a red box. The article title is "Lessons Learned in Going Green. By: Das, Arunjana, Kiplinger's Personal Finance, 15289729, Jun2010, Vol. 64, Issue 6" and the database is "Academic Search Premier". There is a large blue button labeled "Lessons Learned in Going Green". Below this, there is a "Listen" button with a speaker icon, and two dropdown menus for "American Accent" and "Medium Reading Speed", along with a "Help" button. The article text begins with "Section: MY STORY" and "Peter Goldstein started a hands-on program that teaches high school students about recycling and entrepreneurship-- and that even pays off." It then asks "WHAT MADE YOU START THE PROGRAM?" and "HOW DOES IT WORK?".

3. To return to English, click **Return**.

Note: If you print, e-mail or save the full text, it will be delivered in the language of the database. However, you can print the translated text using your browser's Print function.

Search Screens

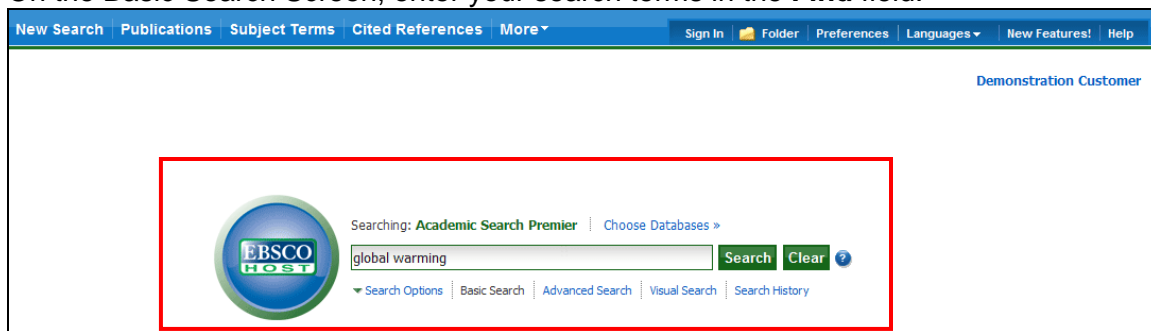

EBSCOhost offers a variety of search screens, which are described in this section.

Basic Search

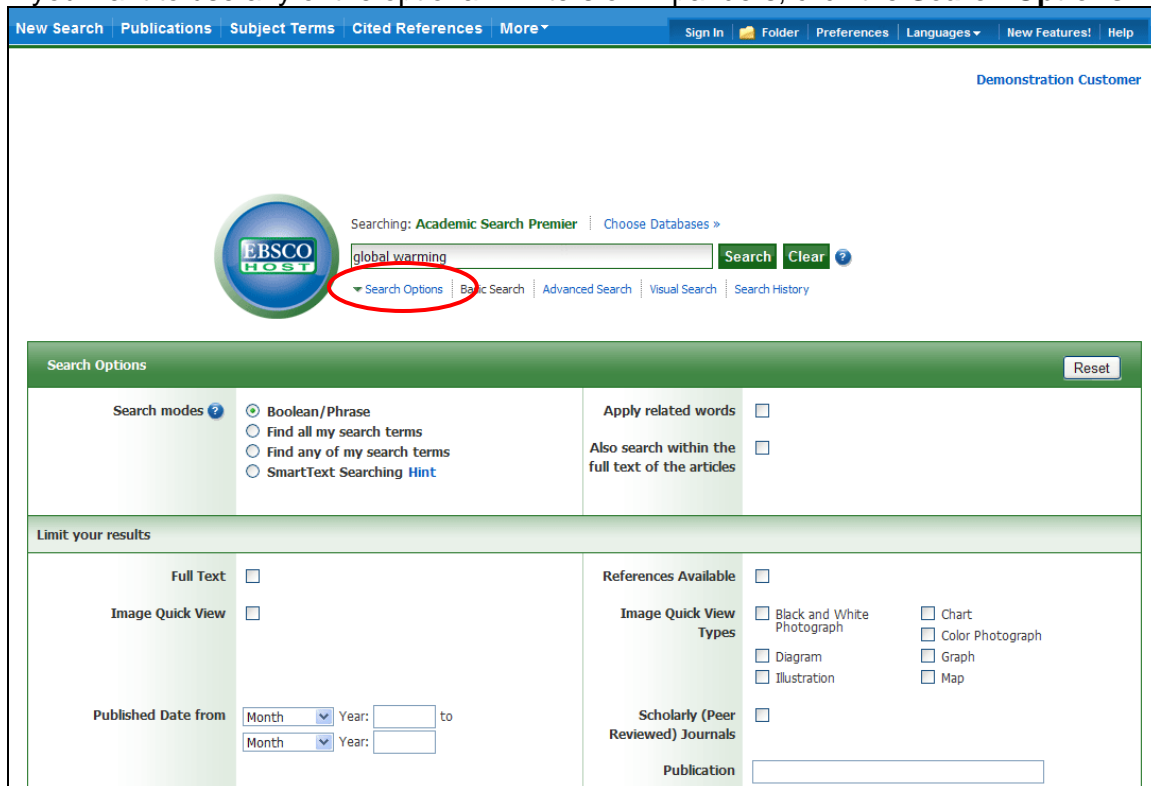

The Basic Search Screen lets you create a search with limiters, expanders, and Boolean operators.

To use Basic Search:

1. On the Basic Search Screen, enter your search terms in the **Find** field.

2. If you want to use any of the optional Limiters or Expanders, click the **Search Options** link.

You can use a specific **Search mode**, such as “Find all of my search terms,” or “SmartText Searching”; apply **Limiters** such as Full Text or Publication type; or use search options that expand your search, such as “Apply related words.”

3. To close the **Search Options**, click the link again.

4. Click the **Search** button. The Result List displays.

The screenshot shows the EBSCO Academic Search Premier interface. At the top, there are navigation tabs: 'New Search', 'Publications', 'Subject Terms', 'Cited References', and 'More'. On the right, there are links for 'Sign In', 'Folder', 'Preferences', 'Languages', 'New Features!', and 'Help'. The search bar contains the text 'global warming' and has 'Search' and 'Clear' buttons. Below the search bar are links for 'Basic Search', 'Advanced Search', 'Visual Search', and 'Search History'. The main content area displays two search results. The first result is '1. E.P. Yay.' by Chait, Jonathan, from *New Republic*, 7/8/2010, Vol. 241 Issue 11, p2-2, 1p; (AN 51455038). The second result is '2. Red Ink and Green Jobs.' by Bailey, Ronald, from *Reason*, Jul2010, Vol. 42 Issue 3, p48-49, 2p, 1 Color Photograph; (AN 51314252). On the left side, there is a sidebar with '13568 Results for...' and 'Boolean/Phrase: global warming'. Below this are 'Limiters' (Full Text) and 'Refine your results' (Full Text, References Available, Image Quick View). A 'Publication Date' range is set from 1950 to 2010. A red circle highlights the 'Show More > Options set' link. On the right side, there are sections for 'Related Images', 'Research Starters - Business', and 'Insurance Operations'.

The search field is displayed above the Result List. Your search terms, limiters and expanders are retained. To revise your search, you can apply the limiters under **Refine your results** on the left or click the **Show More** link to view all available limiters.

Advanced Search Screens

The library administrator can choose from three styles of Advanced Search: Single Find Field or Guided Style Fields.

Advanced Search with Single Find Field

To use Advanced Search with Single Find Field:

1. Click the Advanced Search link below the **Find** field.
2. On the Advanced Search Screen, enter your search terms in the **Find** field.

The screenshot shows the EBSCOhost Advanced Search interface. At the top, there is a navigation bar with links for 'New Search', 'Publications', 'Subject Terms', 'Cited References', and 'More'. A 'Sign In' button and a 'Folder' icon are also present. The user is identified as 'Demonstration Customer'. The search field contains the text 'global warming' and has 'Search' and 'Clear' buttons. Below the search field, there are links for 'Basic Search', 'Advanced Search', 'Visual Search', and 'Search History'. The 'Search Options' section includes 'Search modes' with radio buttons for 'Boolean/Phrase', 'Find all my search terms', 'Find any of my search terms', and 'SmartText Searching Hint'. There are also checkboxes for 'Apply related words' and 'Also search within the full text of the articles'. The 'Limit your results' section includes checkboxes for 'Full Text', 'Image Quick View Types' (Black and White Photograph, Color Photograph, Diagram, Illustration, Chart, Graph, Map), 'References Available', 'Scholarly (Peer Reviewed) Journals', 'Publication Type' (dropdown menu), and 'Document Type' (dropdown menu). The 'Published Date from' section has dropdown menus for month and year, followed by 'to' and another set of dropdown menus for month and year.

3. Select from the available **Search Options**:
 - **Search modes** – Use specific search modes, such as “Find all of my search terms,” or “SmartText Searching,” or use search options that expand your search such as “Apply related words.”
 - **Limit your results** – such as Full Text or Publication type.
 - **Special Limiters** – Apply limiters specific to a database. If you select a special limiter, it is applied only to the database under which it appears

4. Click the **Search** button. The Result List displays.

The screenshot shows the EBSCO Academic Search Premier interface. At the top, there is a navigation bar with links for 'New Search', 'Publications', 'Subject Terms', 'Cited References', and 'More'. On the right, there are links for 'Sign In', 'Folder', 'Preferences', 'Languages', 'New Features!', and 'Help'. The main search area includes the EBSCO logo, the search term 'global warming', and buttons for 'Search' and 'Clear'. Below the search bar are links for 'Basic Search', 'Advanced Search', 'Visual Search', and 'Search History'. The search results are displayed in a list format. The first result is by E.P. Yay, titled 'E.P. Yay.', with a snippet: 'The article discusses how the U.S. Congress is unable to pass legislation regarding global warming. The author notes how Republican senator Lindsey Graham changed his position regarding climate c...'. The second result is by Bailey, Ronald, titled 'Red Ink and Green Jobs.', with a snippet: 'The article discusses the issue on the implementation of the Global Warming Solutions Act, also known as, AB 32 in California. The founder of Strategic Energy, Environmental & Transportation Alte...'. On the left side, there are filters for '13568 Results for...', 'Limiters' (with 'Full Text' selected), 'Refine your results' (with 'Full Text' selected), and 'Source Types' (with 'All Results' selected). On the right side, there are sections for 'Related Images', 'Research Starters - Business', and 'Insurance Operations'.

The search field is displayed above the Result List. Your search terms, limiters and expanders are retained. To revise your search, you can apply the limiters under **Refine your results** on the left. Click the **Show More** link to view all available limiters and expanders.

Advanced Search with Guided Style Find Fields

To use Advanced Search with Guided-Style Fields:

1. Click the **Advanced Search** link below the **Find** field.
2. On the Advanced Search Screen, enter your search terms in the first **Find** field.

3. Choose the search field from the optional **Select a Field** drop-down list (for example, search in only the Subject Terms field of the citation).
4. Repeat steps 1 and 2 for the second set of **Find** fields.
5. Select a Boolean operator (AND, OR, NOT) to combine the two **Find** field entries.
6. You can enter another Boolean operator, keyword, and search field in the third set of fields.
7. If you need additional rows, click the **Add Row** link. Up to 12 rows can be displayed. To delete a row, click the **Remove Row** link.
8. Select from the available Search Options:
 - **Search modes** – Use specific search modes, such as “Find all of my search terms,” or “SmartText Searching,” or use search options that expand your search such as “Apply related words.”
 - **Limit your results** – such as Full Text or Publication type.
 - **Special Limiters** – Apply limiters specific to a database. If you select a special limiter, it is applied only to the database under which it appears

9. Click the **Search** button. The Result List displays.

The screenshot shows the EBSCOhost search interface. At the top, there are navigation tabs: "New Search", "Publications", "Subject Terms", "Cited References", and "More". On the right, there are links for "Sign In", "Folder", "Preferences", "Languages", "New Features!", and "Help". The search bar contains the text "global warming" and has a "Search" button and a "Clear" button. Below the search bar, there are two "AND" operators with dropdown menus for selecting fields. The left sidebar shows "13568 Results for..." and "Boolean/Phrase: global warming". Under "Limiters", there is a "Full Text" button. The "Refine your results" section includes checkboxes for "Full Text", "Image Quick View", and "References Available". A "Publication Date" range is set from 1950 to 2010. The "Source Types" section has checkboxes for "All Results", "Academic Journals", and "Magazines". The main content area displays two search results. The first result is "1. E.P. Yay." by Chait, Jonathan, from the New Republic, dated 7/8/2010. The second result is "2. Red Ink and Green Jobs." by Bailey, Ronald, from Reason, dated Jul2010. The right sidebar shows "Related Images" with four small thumbnail images and a "Find More" link.

The search field is displayed above the Result List. Your search terms, limiters and expanders are retained. To revise your search, you can apply the limiters under **Refine your results**. Click the **Show More** link to view all available limiters and expanders.

Viewing Search Results

Viewing the Result List

Search results can be citations, full text articles, document summaries or abstracts, and can include links to full text.

The screenshot shows the EBSCO Academic Search Premier interface. At the top, there are navigation tabs: 'New Search', 'Publications', 'Subject Terms', 'Cited References', and 'More'. A search bar contains the text 'global warming' with 'Search' and 'Clear' buttons. Below the search bar are options for 'Basic Search', 'Advanced Search', 'Visual Search', and 'Search History'. The main content area displays two search results. The first result is by E.P. Yay, titled 'E.P. Yay.', with a snippet about U.S. Congress legislation. The second result is by Ronald Bailey, titled 'Red Ink and Green Jobs.', with a snippet about the Global Warming Solutions Act. The left sidebar shows '13568 Results for...' and 'Refine your results' options, including 'Full Text', 'References Available', and 'Image Quick View'. The right sidebar features 'Related Images' and 'Research Starters - Business'.

The Result List Screen has three columns:

- **Left - Limiters and Clustering**
- **Middle - Results Display**
- **Right - Related Information**

You can hide or show the different areas by clicking the control arrows  at the top of the left and right columns. Your library administrator decides whether the subject clusters in the left column are displayed.

Left - Limiters and Clustering

The Left Column displays the Bread Box feature, Limiters, and Clusters

- **Bread Box** - Click the toggle arrow to open the Bread Box. The Bread Box keeps track of the numbers of results, your search terms, search options, and clusters applied to your search.

- **Limit your results** – Apply limiters right from the Result List. Select any of the limiters displayed and click **Update**. A revised Result List displays. (You can refine your search even more by clicking the **Show More** link under Limit your results.)
- **Clustering** – You can narrow by source type, subject, journal, author, and more. This feature, also known as “clustering,” is helpful if you want to discover the major subject groups for your topic without having to browse multiple pages of results, or checking individual articles to see if they are relevant.
 - To narrow your results, check the box for one or more subject terms in a section of your choice and click **Update**. A new Result List, limited to the chosen term or terms is displayed and the list of subject terms is refreshed.

Middle - Results Display

Results Display – The articles that were found are displayed in the center of the Result List Screen. You can also access the **Result Sort**, **Page Options**, and **Alert/Save/Share** drop-down menus from the Results column.

- The **article title** link takes you to the citation information and/or the full text. Place your mouse over the **Preview** icon  to view the Abstract.
- The **HTML Full Text** link takes you directly to the full text of the article.
- The **PDF Full Text** link takes you to a PDF version of the full text. The PDF will open in the Adobe ® Reader®.
- The  **Audio Summary** link prompts you to download or listen to audio summaries. (*Business Book Summaries* database only.)
- **Add to Folder** – To save an article to the Folder, click the **Add to Folder** link to the right of the Relevancy indicator, or inside the Article Preview that you hover over with your mouse.
- The **Relevancy** indicator  tells you how relevant the article based on your search terms.
- **Subjects** – Subject Terms that are assigned to each item are displayed in the result list.
- **Result List Sort** – Click this link to select one of the following result list sorting options: Date Descending, Date Ascending, Author, Source, or Relevance.
- **Page Options** – Click this link to view the page display options.
- **Alert/Save/Share** – Click this link to view alerting, linking and bookmarking options.

Right - Related Information

When additional sources such as images, blogs, widgets, and Web news are available, they will be displayed in this column.

- **Folder** – If articles are stored in the folder, they will appear in this column under **Folder has items**. To view the items in your Folder, click the **Go to Folder View** link. To save them, sign in to your My EBSCOhost folder.
- **Related Images** – Place your mouse over an image—a full size view of the image displays.
- **Widgets** – If any additional resources have been added by your administrator using widgets, they will appear in this column.

Notes:

- The library administrator decides which features will be available, so your Result List may look slightly different.
- You can save the look of your Result List for future sessions by making changes in the **Preferences** area and signing in to your My EBSCOhost folder.

Page Options

Use this drop-down menu to customize how your result list page is displayed.

Note: The setting currently being used is highlighted with a yellow box.

To set your Page Options:

- **Result Format** - Click the select a result list format.
- **Image QuickView** - Select whether or not you would like thumbnails of images from your articles to display on the result list.
- **Results per page** - Select the number of results per page you would like displayed.
- **Page Layout** - Select your desired column layout for the Result List.

Alert/Save/Share

To use the Alert/Save/Share menu:

- **Add to folder** - Add all displayed articles to the folder or add the search to the folder as a persistent link to a search.
- **Create an alert** - Create a search alert e-mail or an RSS feed right from the Result List, even if you are not signed in to My EBSCOhost.
- **Use Permalink** - Highlight the link text and copy using your browser's copy function. You can immediately paste the link into a web site, document or e-mail.

You can also store links to your EBSCOhost pages to social bookmarking sites such as dig, del.icio.us, Technorati, bloglines, etc.
- **Export Results** - If enabled by your administrator, click to email a link to download exported results.

The screenshot shows a user interface for the 'Alert / Save / Share' menu. It is divided into four main sections:

- Add to folder:** Contains two options: 'Results (1-10)' and 'Add search to folder: global warming'.
- Create an alert:** Contains two options: 'E-mail Alert' and 'RSS Feed'.
- Use Permalink:** Contains a text input field with the URL 'http://product-view.epnet.com/webauth/login.asp' and a 'Bookmark' button. Below the input field are icons for social bookmarking sites: del.icio.us, Technorati, and Bloglines.
- Export results:** Contains one option: 'E-mail a link to download exported results (up to 5000)'.

Clustering

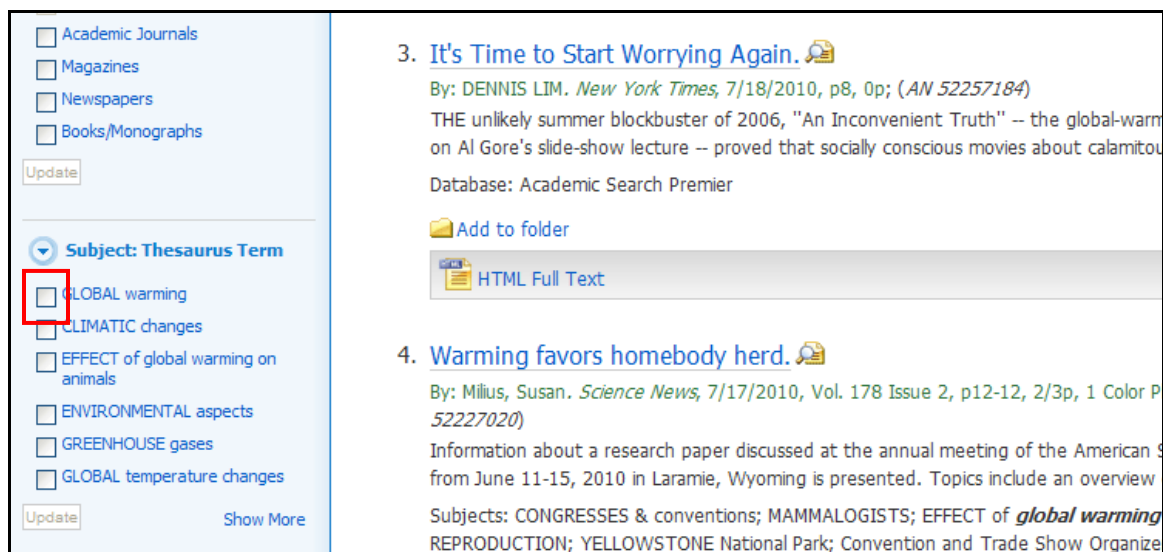

Your library administrator decides whether the subject clusters will display with your results. When subject clusters are available, they will appear in the column on the left side of the Result List.

Hide or show the different clusters by clicking the control arrows  near the top of each cluster. You can narrow by source type, subject, journal, author, and more. This feature is helpful if you want to discover the major subject groups for your topic without having to browse multiple pages of results, or checking individual articles to see if they are relevant.

To use subject clusters:

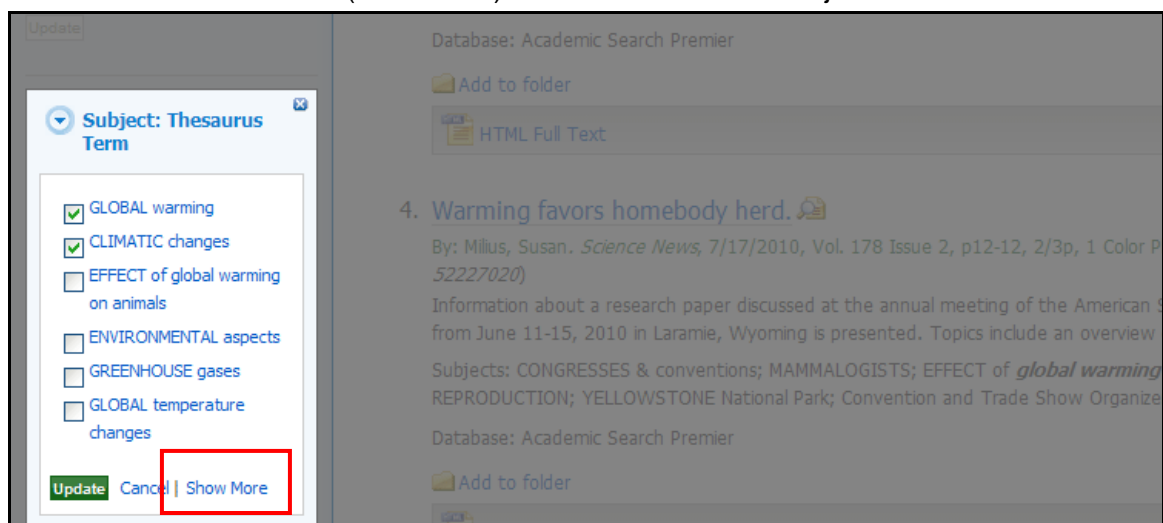

1. Select a term or multiple terms by selecting the checkboxes in a cluster.

Note: Terms can be selected in only one section at a time. The rest of the screen will be grayed out until you have finished making selections and click **Update**.

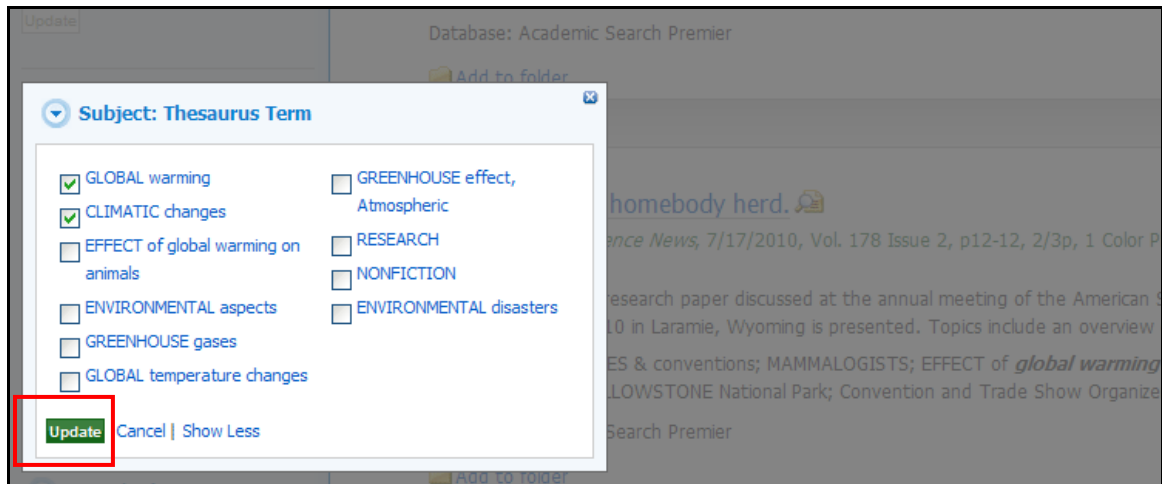

The screenshot shows the EBSCOhost interface. On the left, there are two sections for filtering results. The top section lists source types: Academic Journals, Magazines, Newspapers, and Books/Monographs, with an 'Update' button below. The bottom section is titled 'Subject: Thesaurus Term' and lists several subject terms with checkboxes: GLOBAL warming, CLIMATIC changes, EFFECT of global warming on animals, ENVIRONMENTAL aspects, GREENHOUSE gases, and GLOBAL temperature changes. The 'GLOBAL warming' checkbox is highlighted with a red box. There is an 'Update' button and a 'Show More' link at the bottom of this section. On the right, search results are displayed. The first result is '3. It's Time to Start Worrying Again.' by DENNIS LIM. The second result is '4. Warming favors homebody herd.' by Milius, Susan. Below the results, there are buttons for 'Add to folder' and 'HTML Full Text'.

2. Click the **Show More** link (if available) to view all available Subject Terms.

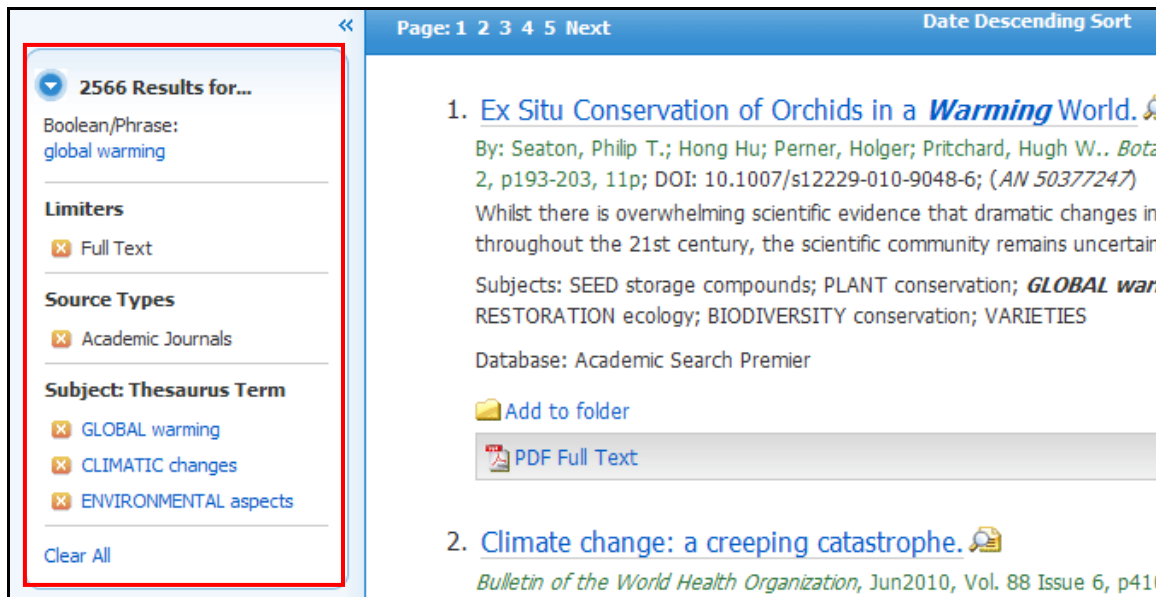

This screenshot shows the 'Subject: Thesaurus Term' dialog box. The dialog box is titled 'Subject: Thesaurus Term' and contains a list of subject terms with checkboxes: GLOBAL warming, CLIMATIC changes, EFFECT of global warming on animals, ENVIRONMENTAL aspects, GREENHOUSE gases, and GLOBAL temperature changes. The 'GLOBAL warming' and 'CLIMATIC changes' checkboxes are checked. At the bottom of the dialog box, there are buttons for 'Update', 'Cancel', and 'Show More'. The 'Show More' button is highlighted with a red box. The background of the main interface is grayed out, showing the same search results as in the previous screenshot.

3. Finish making your selections and Click **Update**.

A new Result List, limited to the chosen term or terms is displayed and the selected terms are added to the Bread Box.

Using the Bread Box

The Bread Box is located at the top of the left column and keeps track of your entire search by displaying:

- The number of available results.
- Your search query.
- All applied limiters and expanders.
- Applied source types.
- Applied subject terms.

Each limiter, expander, source type, and/or subject term you selected is added to the Bread Box with an 'x' icon. Clicking on the icon will remove the corresponding term from the search and a new result list will be displayed.

Clicking on a hyperlinked breadcrumb item will execute a search for only that term.

Reading an Article

When you click the title of an article, the "Best View" selected by your library administrator is displayed. To view a different format, click on the citation, HTML full text or PDF icon.

Detailed Record

When the Detailed Record is displayed, it may also include a summary or an abstract. If activated by your library administrator, the full text of the article may appear below the Detailed Record. The **Image Quick View** feature provides the ability to view thumbnails of the images in an article right from the citation.

The screenshot displays a library database interface. At the top, there is a navigation bar with "Result List" and "Refine Search" options, and a status indicator "3 of 13634". The main content area is titled "E.P. Yay." and contains the following information:

- Authors:** Chait, Jonathan
- Source:** New Republic; 7/8/2010, Vol. 241 Issue 11, p2-2, 1p
- Document Type:** Article
- Subject Terms:** *CLIMATIC changes, *GOVERNMENT policy, *EMISSIONS trading
- Geographic Terms:** UNITED States
- Company/Entity:** UNITED States. Congress, UNITED States. Environmental Protection Agency
- NAICS/Industry:** 921120 Legislative Bodies
- Codes:** 924110 Administration of Air and Water Resource and Solid Waste Management Programs
- People:** GRAHAM, Lindsey, 1955-
- Abstract:** The article discusses how the U.S. Congress is unable to pass legislation regarding global warming. The author notes how Republican senator Lindsey Graham changed his position regarding climate change and comments on the potential effectiveness of legislation for emissions caps and trading. He suggests the U.S. Environmental Protection Agency (EPA) is better suited to establish regulations to prevent climate change due to the level of technical information and long-term planning required.
- Full Text Word Count:** 1056

On the left side, there are options for "Detailed Record", "HTML Full Text", and "PDF Full Text (92KB)". A "Find Similar Results" button is also present, with the text "using SmartText Searching." below it. On the right side, there is a "Tools" menu with options: "Add to folder", "Print", "E-mail", "Save", "Cite", "Export", "Create Note", "Permalink", "Bookmark", "Listen", and "Translate".

- The author and subject terms of the record can appear as links that let you perform a search of that particular field.
- When available, a **Find Similar Results** link will display on the citation. Click the link to perform a SmartText search for related articles. SmartText Searching will run the search using the citation's abstract and a new Result List will display. If no abstract is available, SmartText Searching will run the search on the article title. If SmartText Searching is not available in the database being searched, Find Similar Results searches the article's subject headings or descriptors.
- The source may display a link or journal logo that leads to a detailed view of the source or publication. Clicking on the journal logo links you to a detailed description of the journal. Clicking **Back** returns you to the full record of the article.
- The source may also include a table of contents link that lets you perform a search on the same issue of the source or publication.

HTML Full Text View

When the HTML full text view is displayed, you can also return to the Detailed Record, or any PDF or linked text by clicking on the available icons. The text is displayed formatted and ready for printing. A brief citation is always included at the end of the article.

Title: E.P. Yay. By: Chait, Jonathan, New Republic, 00286583, 7/8/2010, Vol. 241, Issue 11

Database: Academic Search Premier

E.P. Yay

Listen American Accent Medium Reading Speed Help

Section: TRB From Washington

Only bureaucrats can solve global warming.

FIVE YEARS AGO, South Carolina Republican Senator Lindsey Graham joined a handful of senators traveling to the Yukon territory to view firsthand the effects of climate change. Witnessing melting ice caps and permafrost, and Inuit communities struggling to cope with a transforming environment, Graham was "moved." "Climate change is different when you come here, because you see the faces of people experiencing it," he said. In the following years, he asserted that "climate change is real" and promoted a cap-and-trade bill in the Senate.

Today, Graham is sprinting in the other direction. In April, he abandoned his climate bill when Democrats decided to focus on immigration reform first. He remained opposed even when they ultimately agreed to take it up. These days, he is refusing to acknowledge that carbon-dioxide emissions cause warmer temperatures. "I think they've been alarmist and the science is in question," he says. Graham no longer sounds especially moved by the plight of the Inuit, who may be facing a threat to their way of life but are not facing the threat of a right-wing primary challenge.

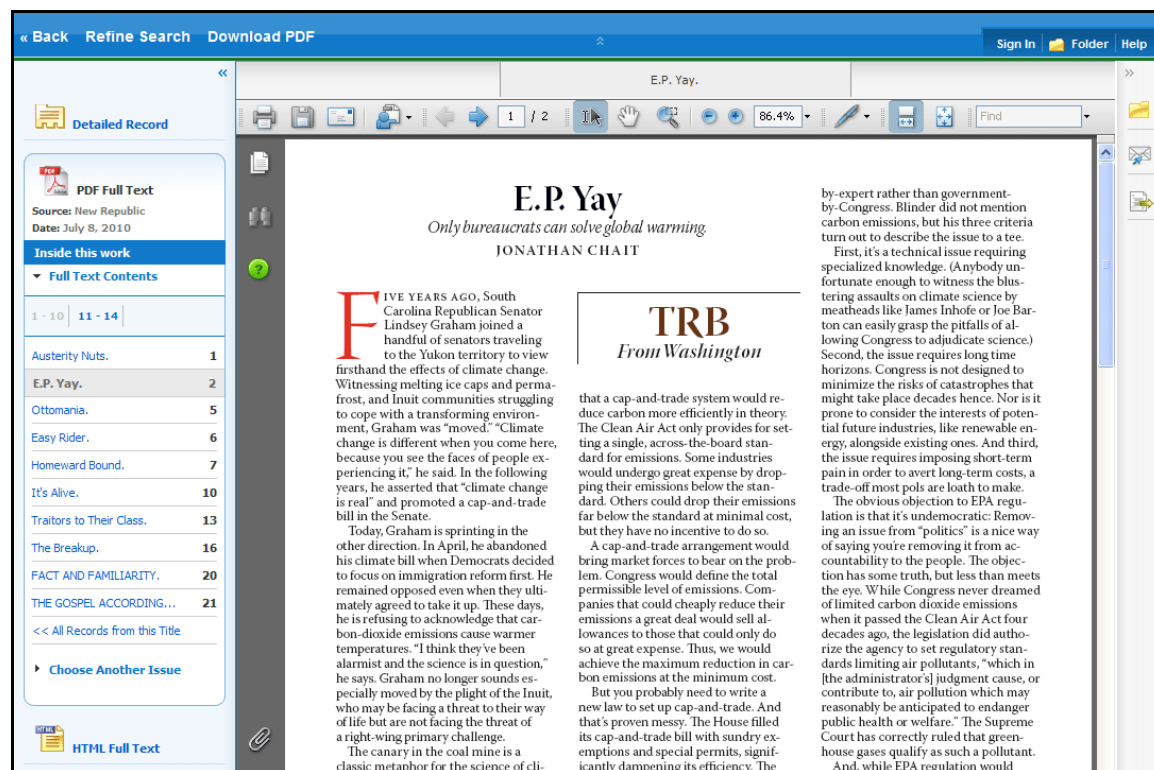

The canary in the coal mine is a classic metaphor for the science of climate change. For the politics of climate change, Graham is the canary. Once the sole Senate Republican supporting cap-and-trade, he's keeled over in his cage, his limp corpse a sign that Congress can't handle this issue. There's only one solution at hand: Let the Environmental Protection Agency (EPA) impose regulations to stop climate change.

Three years ago, the Supreme Court ruled that the Clean Air Act compelled the EPA to regulate carbon-dioxide

- From either the Detailed Record or Full Text views, you can refine your search and return to the Result List.
- When available, a **Find Similar Results** link will display on the Detailed Record and HTML Full Text views. Click the link to perform a SmartText search for related articles. SmartText Searching will run the search using the citation's abstract and a new Result List will display. If no abstract is available, SmartText Searching will run the search on the article title. If SmartText Searching is not available in the database being searched, Find Similar Results searches the article's subject headings or descriptors.

PDF Full Text Viewer

The PDF Full Text Viewer allows you to view PDF full text content using a variety of features.

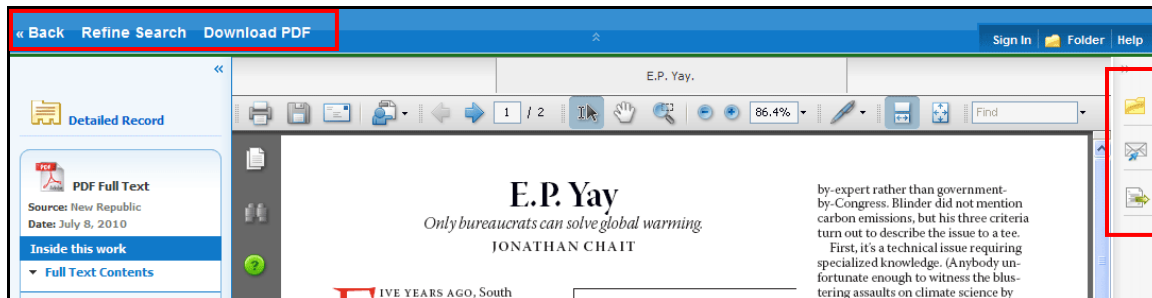

Left Column Options

Under the column on the left-hand side, you can:

- **Detailed Record** – Display title, author and subject information for the current article.
- **Full Text Contents** – Display article or chapter titles for the entire issue or individual monograph. Titles are hyperlinked for easy access to each article.
- **Illustrations** – Display links to illustrations found in the issue.
- **Choose Another Issue** – Choose another issue of the publication you are viewing by selecting a publication year and then selecting an issue you would like to view.
- **HTML Full Text** - Click the **HTML Full Text** link to view the article in HTML format.
Note: The HTML Full Text version may not be available for the article you are viewing.

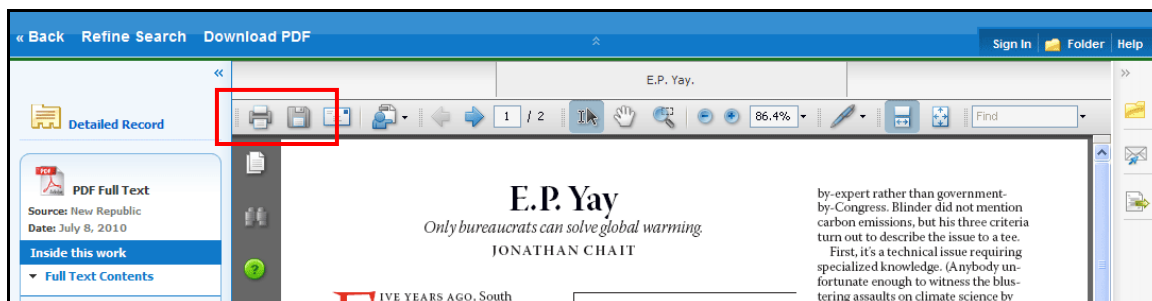

Note: You can collapse the left and right columns and top header to expand the viewport to fit the entire browser window by clicking the  arrows found at the top of the columns and above the PDF viewing area.

E-mail/Save/Print PDF Functions

You can also:

- **Return to the Result List** - Click the **Back** link to return to the result list.
- **Refine Your Search Results** - Click the **Refine Search** link to apply additional limiters and expanders to your search terms.
- **Download PDF** - Click the **Download PDF** link to open the PDF in Adobe Reader.
- **Add to Folder** - Click the **Folder** icon to add the article to the session folder. You can permanently save the article by signing into your personal *My History Reference Center* folder.
- **E-mail Article** - Click the **E-mail** icon to e-mail the PDF to yourself.
- **Export Article** - Click the **Export** icon to export the article to your bibliographic management software.

From the Adobe Reader toolbar, you can:

- **Print the Article** - Click the **Printer** icon to print the article.
- **Save the Article** - Click the **Diskette** icon to save the PDF to your computer.

Linked Full Text View

EBSCOhost links to full text articles from other EBSCOhost databases or from electronic journals subscribed to through EBSCO Subscription Services and Electronic Journals Service.

When the *linked full text* result is displayed, you can also return to the citation, full text, or linked text by clicking on the available icons. When you click on an available hyperlink and open full text, you can refine your search, return to the Result List, and print, e-mail or save the article.

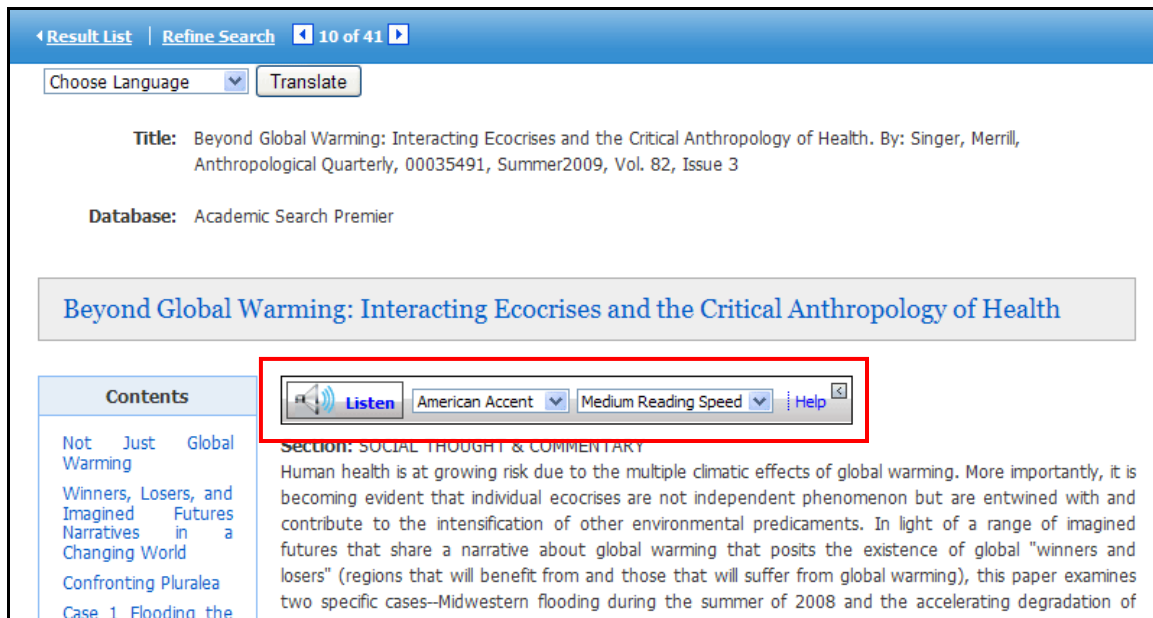

Tools Menu

When viewing an article, there are several tools available to you on the right-hand side of the screen.

-  **Add to folder** - Add the article to the session folder or your personal My EBSCOhost folder.
-  **Print** - Print the article.
-  **E-mail** - E-mail the article to yourself or multiple e-mail addresses.
-  **Save** - Save the article to a destination on your computer.
-  **Cite** - Retrieve citation information for the article in several different formats.
-  **Export** - Export the article to your bibliographic management software.
-  **Create Note** - Save a note on the article to your My EBSCOhost folder.
-  **Permalink** - Copy and paste a persistent link to the article.
-  **Bookmark** - Bookmark the article to one of many to social bookmarking sites such as dig, del.icio.us, Technorati, bloglines, etc
-  **Listen** - Hear the HTML Full Text of an article read to you using Text-to-Speech. (If enabled by your administrator.)
-  **Translate** - Translate the HTML Full Text of the article to one of many available languages. (If enabled by your administrator.)

Using Text-To-Speech

If enabled from the Try New Features area, EBSCOhost can read HTML articles aloud to you using the Text-To-Speech feature.

The screenshot shows the EBSCOhost interface for an article titled "Beyond Global Warming: Interacting Ecocrises and the Critical Anthropology of Health". The article is from the "Academic Search Premier" database. The page includes a "Contents" sidebar on the left and a main text area on the right. A red box highlights the Text-To-Speech controls, which include a "Listen" button with a speaker icon, a dropdown menu for "American Accent", a dropdown menu for "Medium Reading Speed", and a "Help" link.

To use Text-To-Speech:

1. Locate an EBSCOhost article in HTML format which you would like read to you.
2. From the **Accent** drop-down menu, select an accent in which you would like the article to be read.

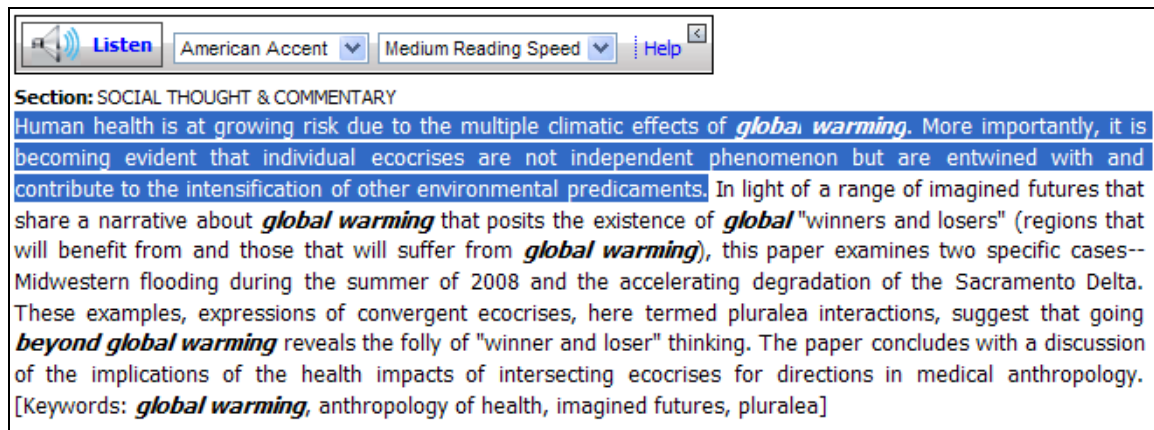

3. From the **Reading Speed** drop-down menu, select a reading speed in which you would like the article to be read.

4. Click the **Listen** button to hear the article read out loud.
5. Click the **Help** link to view instructions on using Text-To-Speech in your browser window.

Use Text-To-Speech to Hear a Section of an Article

You may also choose to have only a section of an article read to you.

Listen American Accent Medium Reading Speed Help

Section: SOCIAL THOUGHT & COMMENTARY

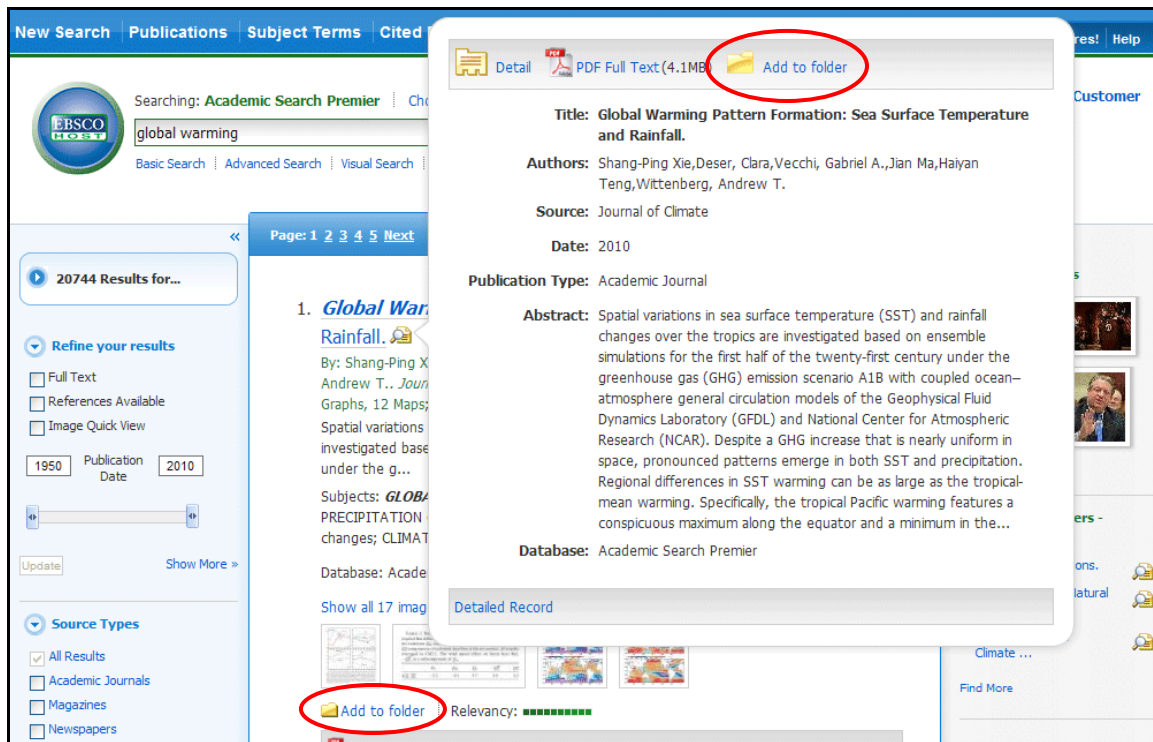

Human health is at growing risk due to the multiple climatic effects of *global warming*. More importantly, it is becoming evident that individual ecocrises are not independent phenomenon but are entwined with and contribute to the intensification of other environmental predicaments. In light of a range of imagined futures that share a narrative about *global warming* that posits the existence of *global* "winners and losers" (regions that will benefit from and those that will suffer from *global warming*), this paper examines two specific cases--Midwestern flooding during the summer of 2008 and the accelerating degradation of the Sacramento Delta. These examples, expressions of convergent ecocrises, here termed pluralea interactions, suggest that going *beyond global warming* reveals the folly of "winner and loser" thinking. The paper concludes with a discussion of the implications of the health impacts of intersecting ecocrises for directions in medical anthropology. [Keywords: *global warming*, anthropology of health, imagined futures, pluralea]

Highlight the passage of text you would like to be read out loud and click **Listen**.

Saving Results to the Folder

You can save an article to the Folder from the article, or from the Result List.

Click the **Add to Folder** link or icon.

As you add the articles to the folder, you can click the **Folder** icon (or the Go to **Folder View** link) and review which items have been added.

You can then print, e-mail or save many results all at the same time. If you have signed in via *My EBSCOhost*, any search results that you collect in your folder will be automatically saved at the end of the session.

Saving Articles to a Specific Folder

If you have custom folders created within your My EBSCOhost folder, you can specify which folder you would like your articles saved in, when you click the **Add to Folder** link.

The article is added to the folder you specify.

When you click the **Add/Remove** link, the name of the folder which contains the article displays a folder icon.

- To move the article to a different folder, click the name of the folder you would like to move the article to.
- To remove the article from the folder entirely, click the name of the folder that contains the article.

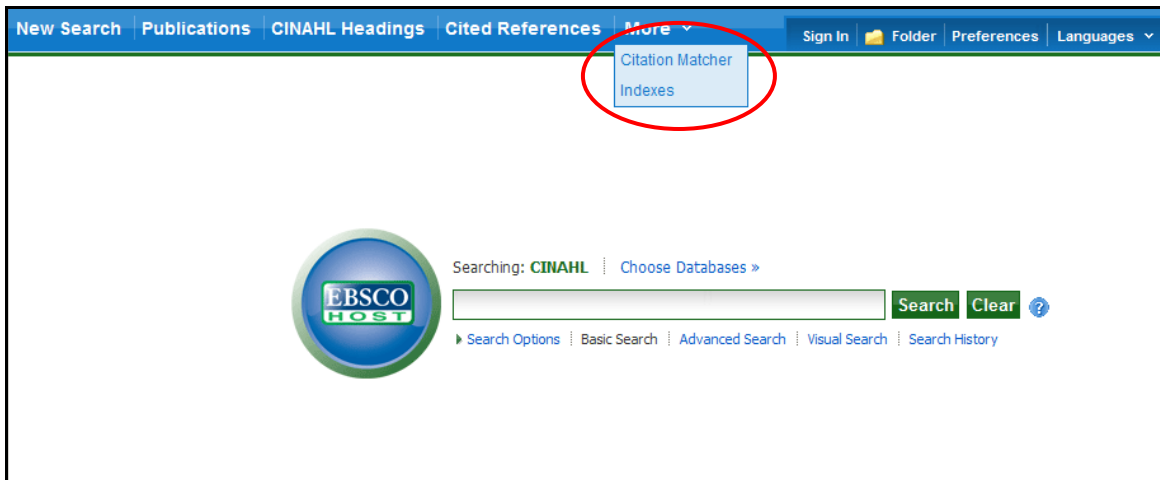

Citation Matcher

If available for your selected database, you can access the Citation Matcher search screen to search for article citations for which you have incorrect or incomplete information.

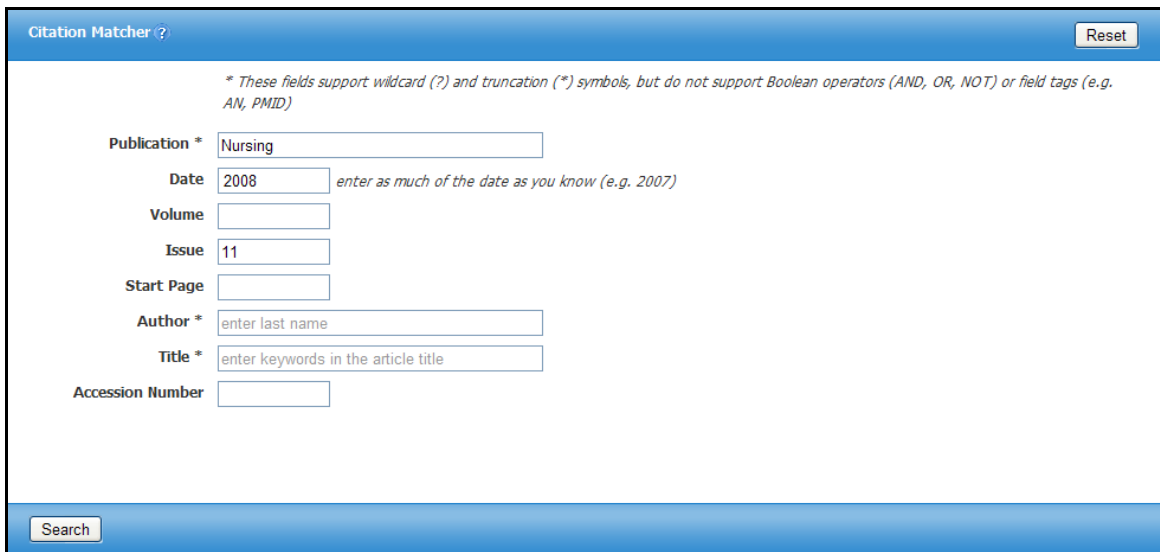

To use the Citation Matcher search screen:

1. From any search screen, click on Citation Matcher in the top toolbar.

Note: Depending on the database being searched, this may also appear under **More** in the toolbar.

2. On the Citation Matcher search screen, enter as much information as you have into the fields provided (Publication, Volume, Author, Title, etc.) and click **Search**.

A screenshot of the 'Citation Matcher' search screen. The page title is 'Citation Matcher (?)' with a 'Reset' button in the top right. A note states: '* These fields support wildcard (?) and truncation (*) symbols, but do not support Boolean operators (AND, OR, NOT) or field tags (e.g. AN, PMID)'. The form contains the following fields:

- Publication *: Nursing
- Date: 2008 (with a note: 'enter as much of the date as you know (e.g. 2007)')
- Volume: (empty)
- Issue: 11
- Start Page: (empty)
- Author *: enter last name
- Title *: enter keywords in the article title
- Accession Number: (empty)

A 'Search' button is located at the bottom left of the form area.

3. A result list will be displayed that matches the information you provided in the Citation Matcher fields. Browse the result list to locate the citation you are searching for.

The screenshot shows the EBSCOhost search interface. At the top, there are navigation tabs: "New Search", "Publications", "CINAHL Headings", "Cited References", and "More". A search bar contains "Searching: CINAHL" and "Choose Databases". Below the search bar are links for "Basic Search", "Advanced Search", "Visual Search", and "Search History". The main content area displays "720 Results for..." and a "Refine your results" sidebar with filters for "Publication Date" (set to 2008) and "Subject: Major Heading". The search results are listed in a table-like format with three entries:

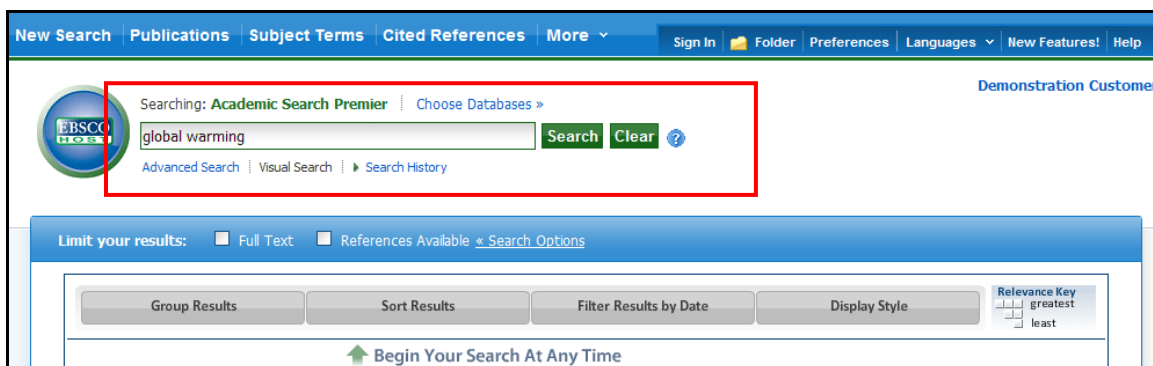

- 1. From the editor. A fitting end to 2008 and a fresh start in 2009.**
Gwagwa T; *Nursing Update*, 2008 Dec-2009 Jan; 32 (11): 2 (Journal article - editorial) CINAHL AN: 2010310263

Visual Search

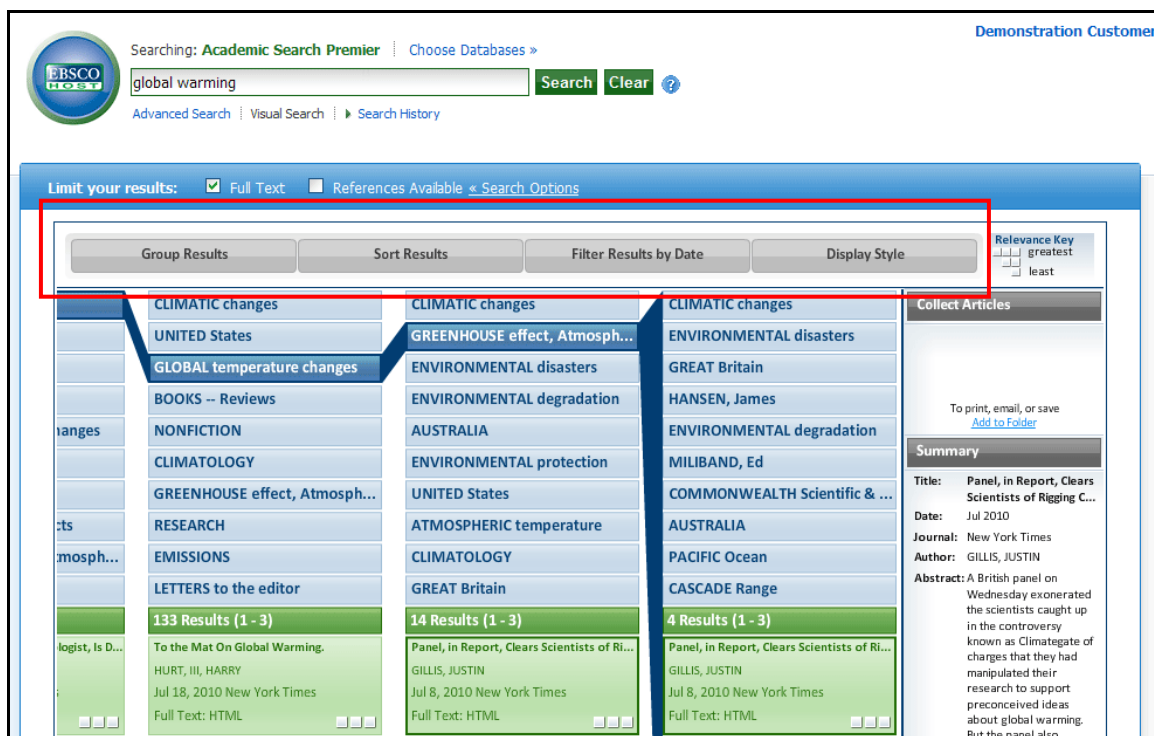

Visual Search is a new and innovative way to search EBSCOhost. Your results are sorted by topic in an interactive, visual map. You can switch between Result List styles at any time by selecting either Block style or Column style from the Display Style menu. Adobe Flash Player 8.0 or higher is required when using Visual Search.

To conduct a visual search:

1. Click the **Visual Search** link, and then enter your search terms in the **Find** field.

2. If you want to use any of the optional Limiters or Expanders, click the **Search Options** link. You can use a specific **search mode**, such as "Find all of my search terms," or "SmartText Searching"; apply **Limiters** such as Full Text or Publication type; or use search options that expand your search, such as "Apply related words."
3. To close the **Search Options**, click the link again.
4. Click **Search**. Your search results are displayed in columns. To follow a path, click on the subject (or publication) name. Your results are narrowed even further.

5. **Results Sorting Options** - To see different ways to group, sort, or filter your search, click any of the buttons above the Result List. You can select these options at any time – before you run your search, or after, when you are viewing your results.
 - **Group Results** – You can group by Subject or by Publication Name.
 - **Sort Results** – You can sort the results by Date (newest to oldest), or by Relevance (articles with the greatest relevance at the top of the list; those with the least relevance at the bottom of the list).
 - **Filter Results by Date** – Move the Date Range slider to filter from the newest articles to the oldest.
 - **Display Style** – Switch between the Blocks or Columns style at any time.

To preview an article:

1. To view the citation, click the **article title** inside the result. The Summary window displays more information about the article, including Title, Author, Journal Name, and a brief abstract.

The screenshot shows a search results interface with two columns of article results and a summary window on the right. The left column lists 14 results, with the first three visible: 'Panel, in Report, Clears Scientists of Ri...', 'Global Cooling: Science and Myth.', and 'FALSE PRECISION IN CLIMATE PREDICTI...'. The middle column shows 4 results, with the first three visible: 'Panel, in Report, Clears Scientists of Ri...', 'Global Cooling: Science and Myth.', and 'FALSE PRECISION IN CLIMATE PREDICTI...'. The right column is a summary window for the article 'Global Cooling: Science and Myth.' by Jason M. Vogel, published in Weatherwise in July 2010. The abstract discusses skepticism regarding global warming and climate change. The article title 'Global Cooling: Science and Myth.' is highlighted with a red box in the middle column.

2. To view the full text of the article (if available), click the **More** link at the bottom of the citation. The Summary window will expand to display the full article.

To collect articles:

Use the Collect Articles area to "drag-and-drop" articles that you are interested in. Items that you "collect" will remain there for the current session, unless you remove them. You will need to collect the items that you want to save to your folder.

To save items to your folder:

1. With your Result List displayed, drag the articles to the **Collect Articles** area.

The screenshot displays the EBSCOhost search results interface. At the top, there are buttons for 'Filter Results by Date' and 'Display Style'. A 'Relevance Key' section shows 'greatest' and 'least' with corresponding icons. The main results area is a grid of blue buttons with white text, listing various topics such as 'CLIMATIC changes', 'ENVIRONMENTAL disasters', 'GREENHOUSE effect, Atmosph...', 'GREAT Britain', 'HANSEN, James', 'ENVIRONMENTAL degradation', 'AUSTRALIA', 'MILIBAND, Ed', 'ENVIRONMENTAL protection', 'COMMONWEALTH Scientific & ...', 'UNITED States', 'AUSTRALIA', 'ATMOSPHERIC temperature', 'PACIFIC Ocean', 'CLIMATOLOGY', 'CASCADE Range', and 'GREAT Britain'. A green bar at the bottom of the grid indicates '4 Results (All)'. To the right of the grid is a 'Collect Articles' section, which is circled in red. This section contains two green square buttons and a link labeled 'Add to Folder' with the text 'To print, email, or save' above it. Below the 'Collect Articles' section is a 'Summary' section for the article 'Global Cooling: Science and Myth.' by Jason M. Vogel, published in 'Weatherwise' in July 2010. The abstract states: 'The article focuses on the skepticism regarding the facts on global warming and climate'.

2. Click the **Add to Folder** link. The items are immediately added to your "session" folder.
3. If you want to save the items for use in a future session, be sure to sign into your My EBSCOhost account.

Block Style Result List

If you select a Display Style of Blocks, the "block-style" Result List will display.

Database: Academic Search Premier

Results Map

The Block Style Result List has two additional features - the **control arrows**, and the **Results Map**. To follow a path, use the control arrows on the left-hand side of the screen. Or, click in a new block within the Results Map to move to a different area of the Result List.

Note: Your library administrator decides whether Visual Search will be available, and which style (blocks or columns) will be the default.

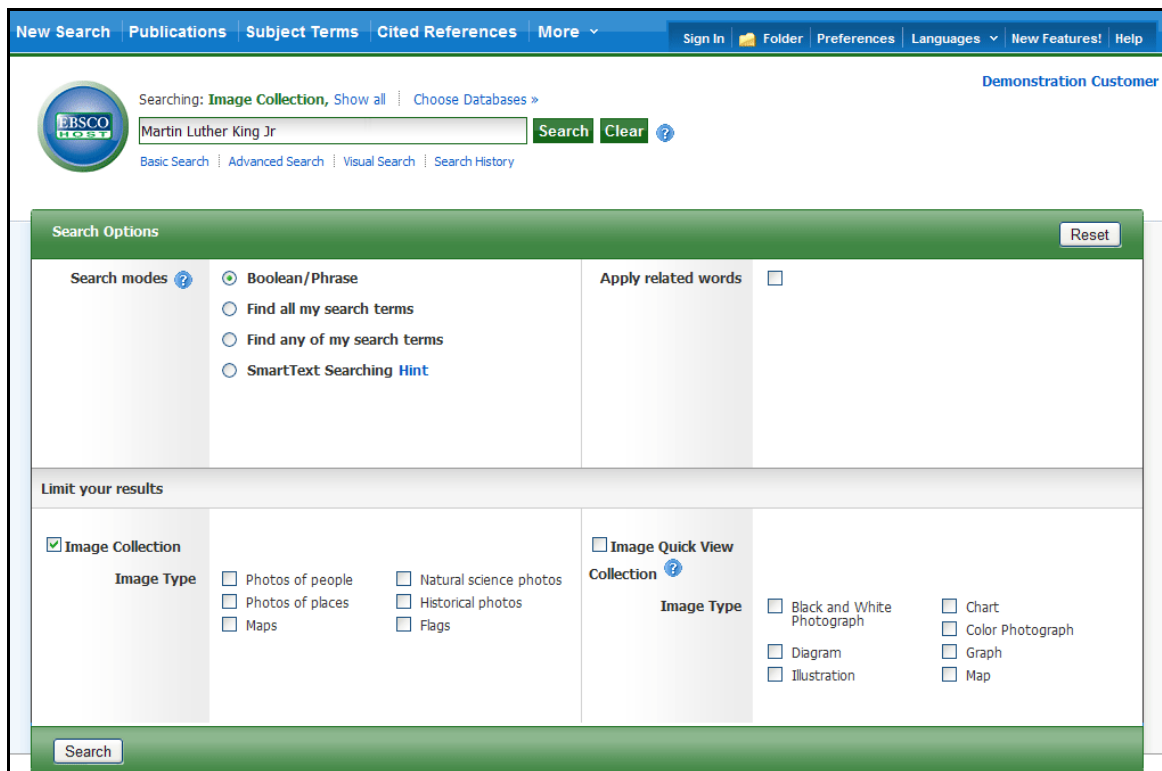

Searching for Images/Video

The Image Collection provides you with instant access to more than 180,000 images relating to people, natural science, places, history, and flags.

Focus your image search by using the categories available: Photos of People, Natural Science Photos, Photos of Places, Historical Photos, Maps, and Flags.

To search for an image:

1. Click the **Images** (or **Images/Video**) link. The Image Collection Search Screen displays.

The screenshot shows the EBSCO Image Collection search interface. At the top, there is a navigation bar with links for 'New Search', 'Publications', 'Subject Terms', 'Cited References', and 'More'. A search bar contains the text 'Martin Luther King Jr' and has 'Search' and 'Clear' buttons. Below the search bar, there are options for 'Basic Search', 'Advanced Search', 'Visual Search', and 'Search History'. The 'Search Options' section includes 'Search modes' with radio buttons for 'Boolean/Phrase', 'Find all my search terms', 'Find any of my search terms', and 'SmartText Searching Hint'. There is also an 'Apply related words' checkbox. The 'Limit your results' section has a 'Search' button and two main categories: 'Image Collection' (checked) and 'Image Quick View Collection'. Under 'Image Collection', there are checkboxes for 'Image Type' including 'Photos of people', 'Photos of places', 'Maps', 'Natural science photos', 'Historical photos', and 'Flags'. Under 'Image Quick View Collection', there are checkboxes for 'Image Type' including 'Black and White Photograph', 'Diagram', 'Illustration', 'Chart', 'Color Photograph', 'Graph', and 'Map'.

2. Enter your search terms in the **Find** field, for example: **Martin Luther King**.
Your search terms must exactly match a word in the title or caption of an image; the search term **Roosevelt** does not yield the same results as the search terms **Eleanor Roosevelt**. You can use Boolean terms to broaden your search, for example: **Eleanor AND Roosevelt**.
3. Under **Limit your results**, you can limit your search to either the **Image Collection** or **Image Quick View Collection** or search both. Select from the available categories to narrow the focus of your search. If you make no selections, all categories are searched.

- Click **Search**. A Result List consisting of thumbnail images with brief descriptions appears. (Click on a thumbnail image—a full size view of the image displays.) For Image Quick View Collection results, you will also see a link to the article that the image appears in. Click the link to view the full article details.

The screenshot shows a search results interface. At the top, there are navigation options: 'Page: 1 2 3 4 5 Next', 'Relevance Sort', 'Page Options', and 'Add (1-10)'. Below this, a search bar indicates '194 Results for...'. The left sidebar contains two sections: 'Refine your results' with a 'Publication Date' range from 1899 to 2008 and an 'Update' button, and 'Database' with 'Image Collection' selected and an 'Update' button. The main content area displays three search results, each with a thumbnail, a title, a description, and a 'Relevancy' score. The results are:

- Item 1: CON99060704 - 7 JUNE 1999 - CONCORD, NEW HAMPSHIRE, USA: New Hampshire Governor Jeanne Shaheen, left, applauds Martin Luther King III, son of slain civil rights leader Martin Luther King Jr., after he gave a brief speech about New Hampshire signing into law the Martin Luther King Jr. holiday that is already law in all other states in the United States. King was at the ceremony at the statehouse in Concord representing the King family. wy/lkm/Lee K. Marriner UPI. Location: CONCORD State: NEW HAMPSHIRE USA © UPI. Database: Image Collection. Relevancy: ██████████.
- Item 2: CON99060705 - 7 JUNE 1999 - CONCORD, NEW HAMPSHIRE, USA: Martin Luther King III, son of slain civil rights leader Martin Luther King Jr., listens to New Hampshire Governor Jeanne Shaheen give an address before signing into law a bill giving New Hampshire a Martin Luther King Jr. holiday in Concord Monday, June 7. New Hampshire was the only state in the United States not to celebrate the King holiday. wy/lkm/Lee K. Marriner UPI. Location: CONCORD State: NEW HAMPSHIRE USA © UPI. Database: Image Collection. Relevancy: ██████████.
- Item 3: CON99060707 - 7 JUNE 1999 - CONCORD, NEW HAMPSHIRE, USA: New Hampshire Governor Jeanne Shaheen, left, and Martin Luther King III, son of slain civil rights leader Martin Luther King Jr., celebrate after Governor Shaheen signed the Martin Luther King Jr. holiday into law for the State of

- Apply limiters right from the Result List. Select any of the limiters displayed and click the **Update** button. A revised Result List displays.
 - To print the image, click on the thumbnail image and click **Print**. The Print Manager Screen is displayed. Click the **Print** icon.
 - To save the image, click on the thumbnail image and click **Save to Disk**. The Save Manager Screen is displayed. Click the **Save** icon, and then save from your browser window.

Note: Your library administrator decides whether image searching will be available. If enabled by the library administrator, you may also be able to search for video content. The Images/Video link would display, and additional limiters would be available. You can filter your Result List to display only images, or only videos.

Searching for Company Information

To search for company information:

1. Click the **Company Profiles** link at the top of the EBSCOhost screen. The Company Profiles List Screen appears with the beginning of the list displayed. You can use the **Next | Previous** and **A - Z** links to page through the Company Profiles List.

| Company Name | PDF Complete Report | Location | Industry |
|---|---|---------------|------------|
| 01 Communique Laboratory Inc. |  Datamonitor Report (121K) | Canada | TECHNOLOGY |
| 012 Smile.Communications Ltd. |  Datamonitor Report (131K) | Israel | TELECOMS |
| 1-800 FLOWERS.COM,Inc |  Datamonitor Report (181K) | United States | RETAIL |
| Image Software, Inc. |  Datamonitor Report (112K) | United States | TECHNOLOGY |
| 1st Colonial Bancorp, Inc. |  Datamonitor Report (141K) | United States | FINANCE |

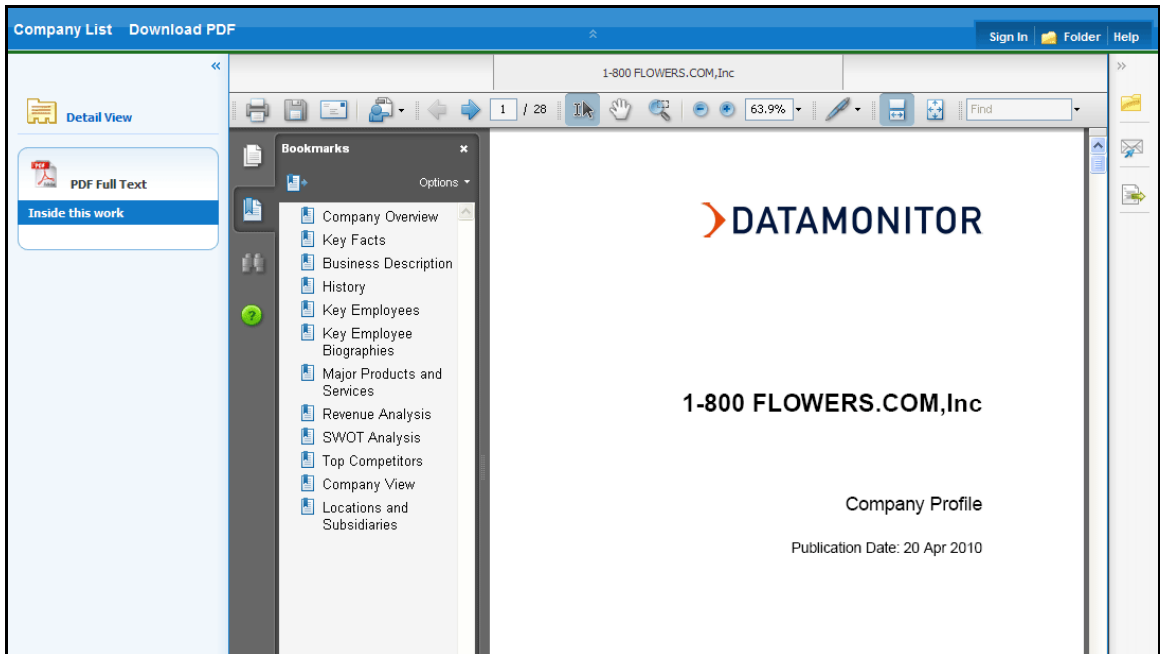

2. Enter your search terms in the **Browse for** field. You can enter all or part of a company name. (For example, you could enter GE, or General, or Gen.)
3. Select a search type. Click one:
 - **Alphabetical** - Finds companies beginning with the letters you entered. Results are displayed in alphabetical order.
 - **Match Any Words** - Finds companies with one or more of your terms in the company name. Results are displayed in order of relevance to your search terms.
4. Click **Browse** to view a Result List of companies that match your search terms. Use the **Next | Previous** links to page through the list of results. To print, e-mail or save several search results, open the detail view for each item and add to the folder.

To view the company details:

1. Click a **linked company name**. The Detailed Record is displayed. You can print, e-mail or save the result.

2. To view the complete report, click the **Datamonitor Report** link. The report opens in Adobe Reader. To return to the Result List, click the **Company List** link.

3. To search the database for results related to the company you are viewing, to the right of: **Search Periodicals and Other Sources for**, click the **linked company name** (on Detailed Record). A Result List is displayed.

Preferences

Setting Preferences allows you to control the look and feel of the EBSCOhost 2.0 Result List. The selections you make on the Preferences Screen can now be saved to your personal account (My EBSCOhost) and retrieved for use at any time. Once you sign in to My EBSCOhost, your personal preferences are applied. And, if you make changes to your preferences, those changes are saved for future use.

Setting Preferences

1. From the search screen or the Result List, click the **Preferences** link below the **Find** field. (The Preferences feature is also available from the Folder Screen.)

Preferences ?

EBSCOhost Sign in to save preferences for a future session.

2. **General Settings** – Choose language and keyword suggestion settings.

- **Language** – Select the language in which you want to display the interface: Spanish, French, German, Italian, Portuguese, Russian, Korean, Japanese, Simplified Chinese, Traditional Chinese, Turkish, Greek, Polish, Arabic and Thai. (Your library administrator decides whether this feature will be available.)
- **Autocomplete search suggestions** – As you begin to enter a search term in the **Find** field, keyword suggestions are automatically displayed. (Set to On or Off.)
- **Run SmartText Search when query returns no results** – If enabled by your administrator, set to automatically run your search using the SmartText Searching search mode when your initial query returns no results.

3. **Result List Display** – Choose the look and feel of your Result List.

The screenshot shows the 'Result List Display' configuration interface. It is divided into two main columns. The left column contains:

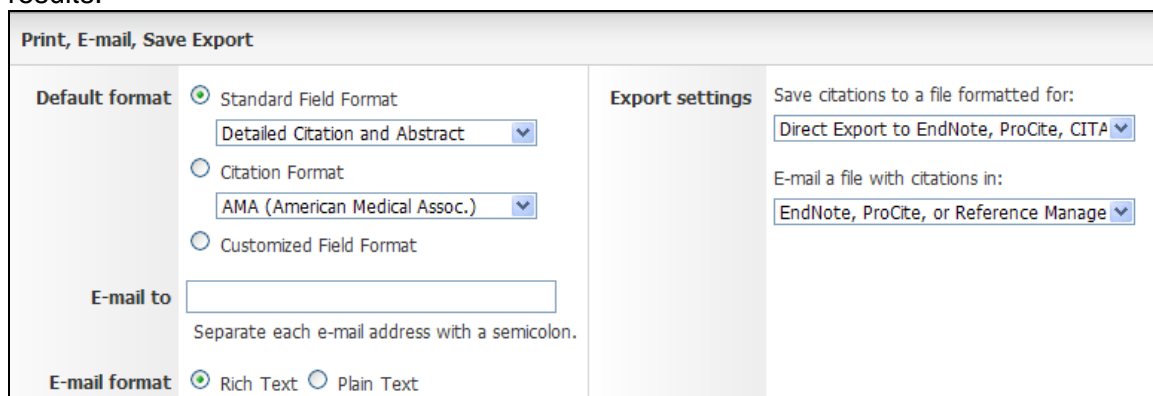

- Format:** Radio buttons for Standard (selected), Title Only, Brief, and Detailed.
- Image QuickView:** Radio buttons for On (selected) and Off, with a 'Hint' link.
- Results per page:** A dropdown menu set to 10.

 The right column contains:

- Page layout:** Four icons representing different column layouts: Three Columns (selected), Two Columns, Two Columns, and One Column.
- Sort by:** Radio buttons for Relevance and Database Default (selected).

- **Format** – Select the level of detail for each result: Standard, Title Only, Brief or Detailed.
- **Image Quick View** – Turn on or off the display of image thumbnails on the Result List, Citation, and Folder. (Availability varies by database.)
- **Results per page** – Specify how many results (or records) are displayed per page (for example: 5, 10, 20, 30, 40 or 50). (Will be applied to both the Result List and the Folder.)
- **Sort by** – You can set how you would like your results sorted. All sort options for the database you are using are available. (For example, date, author, source, etc.) If you select "Database Default," the results are sorted using the database defaults. (Will be applied to only the Result List.)
- **Page layout** – Control which columns display on the Result List.

4. **Print, E-mail, Save, Export** – Set your defaults for Print, E-mail, Save and Exporting of your results. You can still change these settings when you print, e-mail, save or export your results.

The screenshot shows the 'Print, E-mail, Save Export' configuration interface. It is divided into two main columns. The left column contains:

- Default format:** Radio buttons for Standard Field Format (selected), Citation Format, and Customized Field Format. Under Citation Format, there is a dropdown menu set to 'Detailed Citation and Abstract'.
- E-mail to:** A text input field with a note: 'Separate each e-mail address with a semicolon.'
- E-mail format:** Radio buttons for Rich Text (selected) and Plain Text.

 The right column contains:

- Export settings:**
 - Save citations to a file formatted for:** A dropdown menu set to 'Direct Export to EndNote, ProCite, CITA'.
 - E-mail a file with citations in:** A dropdown menu set to 'EndNote, ProCite, or Reference Manage'.

- **Default Format** – Decide how much information you want to include with your results.
 - **Standard Field Format** – Defaults to "Detailed Citation and Abstract." You can also select from the drop-down list:
 - **Brief Citation** – Indicates that only a brief citation should be printed.
 - **Brief Citation and Abstract** – Indicates that a brief citation and an abstract should be printed.
 - **Detailed Citation and Abstract** – Indicates that a detailed citation and an abstract should be printed.
 - **Citation Format** – If you would like to default your citations to a specific format, select one from the drop-down list:
 - AMA - American Medical Association
 - APA - American Psychological Association
 - Chicago/Turabian Author - Date
 - Chicago/Turabian Humanities
 - MLA - Modern Language Association
 - Vancouver/ICMJE
 - **Customized Field Format** – A list of all fields available for the databases you are searching will display. The fields shared by all the databases you are searching appear in the Fields in Common area at the top of the screen. Mark the check boxes to the left of the fields you want to include.

 - **E-mail From** – The “From” address on the e-mail you send defaults to *ephost@epnet.com*. If you would like to change that address, enter the information in this field. (For example, you could enter your own e-mail address, or a library e-mail address.) This will automatically fill in the “From” field on the e-mail that is sent.
 - **E-mail To** – The “To” address on the E-mail Manager defaults to a blank field. If you would like to automatically fill in the E-mail Address field with a specific e-mail address, enter the information in this field. (For example, you could enter your own e-mail address, or list of e-mail addresses for the students in class or a group of colleagues.)
 - **E-mail Format** – Select whether you want to default your e-mails to Rich Text or Plain Text format
 - **Export Settings** – You may be able to export your results into a format compatible with your bibliographic management software. (For example, RefWorks, EndNote, ProCite, etc.) Your library administrator decides whether the Export feature is available.
 - **Save citations to a file formatted for** – Select the default bibliographic management format to save a file.
 - **E-mail a file with citations in** – Select the default bibliographic management format to e-mail a file.
5. Click **Save**. If you were previously at the Result List, it is updated according to your selections. If you were previously at the Search Screen, you must first perform a search before viewing the customized Result List.

Trying New Features

“Try New Features” is an innovative way to learn about the features and functionality available on EBSCOhost. When the library administrator activates “New Features,” the **New Features** link will display in the top toolbar on EBSCOhost. You can visit the New Features Screen, try out selected features for your session, learn about additional features that are already active, and read about features that will be coming soon.

EBSCO Publishing decides which features can be tried and which features will display on the New Features Screen. The library administrator decides whether to show or hide these features, and sets profile level defaults for any “try able” features. (**Note:** Sample features shown below.)

What's New Area

You can turn on any of the features above the dotted line, and they are applied for the entire EBSCOhost session, unless you choose to turn them back off. Once you mark the **Try It!** check box, the **Feature Enabled** indicator displays. The feature is now active for the length of your session.

Features that are displayed below the dotted line are active, newly-released features, but the **Try It!** feature is not available. You can read a description of the feature, and when displayed, can click the thumbnail image and view a sample screen. Your library administrator decides whether to enable these features.

Coming Soon Area

The Coming Soon area previews features that will be available in future releases.
