# **ADN Program Admission Worksheet**

Health Professions | Current as of Fall 2019 Richland Community College | One College Park | Decatur, Illinois 62521

Student	Richland ID

Advisor

The Associate Degree Nursing (ADN) Program has a selective admissions process. Students must meet minimum criteria in order to apply and admission is competitive. Admission to Richland Community College does not guarantee admission to the program. <u>Out-of-district students are considered for admission when space is available.</u>

**Directions**: Students use this worksheet to determine if prerequisites to apply to the program are met. The ADN Program follows the Health Profession's selective admission process. Students use the online Pre-Advisement Plan on myRichland to submit an application during the designated application period. Students must check their email to verify completion of the application.

## Prerequisites to Apply:

- □ High School Diploma/GED
- □ Eligibility for ENGL 101

- Math Requirement (Please check one that applies):
- Eligibility for MATH 110 or 113
- Complete MATH 099 with a "C" or better

## Biology Requirement (Check one that applies):

- Two years of high school biology and one year of high school chemistry or physics within the last three years with a "B" or better in each course.
- □ Complete BIOL 101 with a "C" or better. Students who have completed BIOL 201, 202 or 220 must have completed one within the last five years.

## Certified Nurse Assistant Requirement (Please check one that applies):

- Placement on the IDPH Health Care Worker Registry in good standing and with active certification as a CNA.
- Current enrollment in an IDPH-approved CNA Training Program with a test date prior to the start of the semester for which student is applying.

ACT/SAT Scores or ADN Credit Hour Requirement (All conditions under requirement must be met. Check one that applies):

- ACT/SAT Scores (within last three years) and less than 15 credit hours: Required minimum ACT sub scores: Reading (15) Math (15) English (15) Science Reasoning (20) Composite (21) or required minimum SAT scores: Analysis of Science (20) and Total Score (980). High School GPA of at least 2.5. Any courses applicable to the ADN degree are complete with a "C" or better and the Program GPA\* is at least 2.75
- □ ADN Credit Hour: At least 15 credit hours of ADN coursework are complete at the time of application. All coursework is completed with a "C" or better. The Program GPA\* is at least a 2.75.

\*The Program GPA is calculated using grades and credits earned in any completed ADN program courses (see courses in Program GPA Calculator). Transfer and Richland credits are used in calculating the Program GPA. All students seeking admission must earn a grade of "C" or better in all prerequisite and program courses. A minimum 2.75 Program GPA is required for admission to the ADN Program.

<b>Program GPA Calculator:</b> Multiply the grade earned in the course (A=4, B=3, C=2, D=1, F=0) by the course credit hours to produce the Quality Points. Add the total Quality Points and					
divide by the number of total credit hours completed.					
BIOL 201 x 4 =					
BIOL 202 x 4 =					
BIOL 220 x 4 =					
ENGL 101 x 3 =					
PSYCH 110 x 3 =					
PSYCH 145 x 3 =					
SOCIO 110 x 3 =					
HLTH 197/297 x 1 =					
FA Elective x 3 =					
Program GPA = ÷					
Total Quality Points Total Credit Hours					

### **Graduation Requirements:**

- Student must meet all RCC graduation requirements. See catalog.
- Obtain a grade of "C" or better in all prerequisites and program courses.
- Meet standards for the ANA Code of Ethics and the Integrity Policy.

FULL-TIME ADN COURSE SEQUENCE							
First Semester Courses		Lecture	Clinical	Credit			
NURS 111	Introduction to Nursing	1.0	0.0	1.0
