

# RICHLAND KNIGHTS

## A QUICK MASCOT STYLE GUIDE

The Richland Knight and the primary color palette of blue, green and gray are the identifiers for Richland Community College. They should be used to represent the college in school spirit and intramural sports. The Knight upholds the values of faith, loyalty, courage and honor.

### PROPER MASCOT PROPORTIONS

The Knight has a unique proportion and must not be altered in any way. When the Knight is reduced or enlarged, it should always be treated as one unit, meaning, all elements should be sized proportionately. Enlarge to any size that is practical and necessary, but do not reduce to a height of less than 3" square. A horizontal version has been created to use when the full vertical Knight will not suffice. Any special size requests must be approved with the Marketing Department.

*When reproducing the Knight for any purpose, it is essential that only the authorized reproduction art or authorized electronic files are used. The use of third-generation art is not allowed. The Knight is not to be recreated, nor scanned from existing print materials. Do not "copy" the Knight from the Internet and "paste" it into anything that will be printed. Contact the Marketing Department to request official artwork. [richland.edu/marketing](http://richland.edu/marketing)*
